

This show celebrates the Oscar-winning DePatie-Freleng Enterprises, the animation studio responsible for such beloved characters as The Pink Panther, The Ant and the Aardvark, Tijuana Toads and The Dogfather. Mark Arnold, author of “Think Pink: The DePatie-Freleng Story,” joins us to celebrate the innovative artists behind these beloved animated shorts. This program is produced at Platinum Wolfe Studios. And a special thank you to Kevin Macleod for the beautiful classical music selection
