

On tonight's program, we will be talking with the founder of the Art Is Alive Film Festival, writer, and director Cindy Mich as well as actor Michael Gentile. We've also got our weekly box office releases, industry news, and film rant shenanigans.

Apologies for my overdriven audio on the first half of the show. We just got a new mixing board and I couldn't hear the distortion in my headphones for some weird reason. Anyway, I cleaned it up a little, and the 2nd half of the show, and our guests, sound just fine.
